

SPORECLEAR™ MEDICAL DEVICE DISINFECTANTS

Introducing the SporeClear Medical Device Disinfectants, Hu-Friedy's answer to surface disinfection in the dental office. This one-step formula cleans and disinfects critical workspaces **within 1 minute of contact**. SporeClear offers a fast, simple, effective answer to creating a safe work environment protecting dental staff and their patients from harmful pathogens. Our new disinfectants contain **no harsh chemicals**, making them compatible with all washable surfaces and eco-friendly. At Hu-Friedy, we create innovative solutions to help dental professionals perform at their best.

Fast solutions for effective disinfection in less than 1 minute Sporicidal • Tuberculocidal • Bactericidal • Virucidal • Fungicidal

- Unique patented formulation eliminates spores, viruses, bacteria and fungi (including C. Difficile, Hepatitis B/C, H1N1, MRSA, TB and NDM-1) within 1 minute
- Formula is non-alcohol based, free of aldehydes, chlorine, phenols, peroxide and nonylphenol ethoxylates (NPEs)
- Non-abrasive, non-corrosive and non-volatile making it safe to use on all surfaces
- Available in multiple formats to meet all disinfection needs including wipes, liquid spray and concentrate

WIPES • LIQUID SPRAY • CONCENTRATED FORMULA

How the best perform

THE SCIENCE BEHIND SPORECLEAR PRODUCTS

Unique supramolecular formulation forms a supermicel on the pathogen laden surface which disrupts the microbial target.

Disrupted cell membrane accelerates the movement of denaturing molecules into the cytoplasm.

Interruption of cellular biochemical activities leads to physical breakdown of the cell structure.

The pathogen is not only deactivated; its basic structures are physically destroyed.
