Prof. Didier Dietschi

Dr. Didier Dietschi was licensed in 1984 and got his doctoral and Privat Docent degrees in 1988 and 2004, respectively, at the University of Geneva, Switzerland.

He also got a PhD degree in 2003 at the University of ACTA, Netherlands. Following a 6-year period of full time teaching and research activity in Operative Dentistry and Periodontology, he started a part time activity in a private office in Geneva, dedicated to aesthetic restorative dentistry.

He holds now positions of adjunct Professor at CASE Western University (USA) and senior lecturer at the University of Geneva.

Dr. Dietschi has published more than 95 clinical and scientific papers and book chapters on adhesive and aesthetic restorations; he also co-authored the book "Adhesive Metal-free Restorations", edited in 1997 by Quintessence and translated in 7 languages.

Dr. Dietschi is lecturing internationally on adhesive and aesthetic restorations.

RESTORATIVE

COMPOSCULP KIT SMOOTH HANDLE

Hu-Friedy offers reliable, high quality composite instruments that save time during chairside procedures, resulting in accurate and excellent restorations and patient satisfaction.

- **Accurate Restorations:** Highly polished stainless steel working ends resist sticking to composite materials.
- **Durable and Lasting:** Working ends made with Immunity Steel®, an optimal blend of carbon and chromium providing strength and resisting corrosion.
- **Easy Cleaning:** The Smooth handle's sleek design aids in preventing the build up of composite material.

PFIDDIN
