Introducing...

HuFriedyGroup

The Best In Practice

Who We Are

We are a combination of companies that have come together under one roof to deliver the products, services, and solutions you need to be the best in practice. With our passion for infection prevention solutions, premium instrumentation, and service and support programs, HuFriedyGroup will help you perfect your craft and continue to deliver the highest level of care to each patient.

What Can You Expect From HuFriedyGroup?

HuFriedyGroup is here to provide the best dental experience to the industry. Our unique combination of products, services, and support enable dental professionals like you to reduce risk, improve efficiencies, drive compliance, and enhance patient and staff safety.

World-Class Products

Our unwavering passion and unrivaled expertise in the dental industry is evident in the instruments and infection prevention products you trust each and every day.

Compliance & Protection

We provide solutions that help you to ensure a safe environment for patients and staff.

Service & Support

Through our community platforms, customer service and educational programs, we provide you with the information and tools you need to perfect your craft.

Proud members of HuFriedyGroup:

EVEREDGE™ 2.0 INSTRUMENTS HU-FRIEDY

EVEREDGE™ SCALERS ARE SHARP.
EVEREDGE™ 2.0 SCALERS ARE EVEN SHARPER.

Using an enhanced finishing process, Hu-Friedy's professional artisans are creating edges that are over 60 % sharper than the next closest competitor[†]. Less force means easier, more comfortable scaling for the clinician, which enables them to deliver the best clinical outcome every time.

[†]Products tested: Hu-Friedy EverEdge™ 2.0 H7, American Eagle XP H6-7, PDT H6-7, LM EM/EN H6-7, and G M Hartzell H6-7. For more information, contact David Platt, Hu-Friedy Mfg. Co., LLC, 3232 N. Rockwell St, Chicago, IL 60618.

COMPOSCULP BY DR. DIETSCHI HU-FRIEDY

COMPOSCULP KIT

PFIDD9/10

PFIDD7/8

PFIDD5/6

PFIDD3/4

PFIDD1/2

Fact

Proficient and meticulous attention to detail are required when constructing an aesthetic restoration.

Challenge

It can be difficult to identify the optimal set of instrumentation needed for placement, sculpting and shaping composite material.

Solution

The CompoSculp instrument set consists of an array of working end designs to aid in superior restoration achievement.

PFIDDDIN

Set of 3 instruments and cassette

RELIABLE HU-FRIEDY QUALITY

Working ends crafted with Immunity Steel™, an optimal blend of carbon and chromium providing strength and resisting corrosion.

COLOR-CODING INDICATORS

Each CompoSculp instrument exhibits a color identifier, ensuring the desired instrument is at hand.

LIGHTWEIGHT HANDLES

Durable ResinEight and sleek Smooth handle options allow for maximum comfort, reduced hand fatigue and an increased level of tactile control.*

REMARKABLE RESTORATIONS

Highly polished stainless steel working ends resist composite material, ensuring a stunning final restoration.

THE ESSENTIAL RESTORATIVE KIT INCLUDING "PLUG&SCULPT" INSTRUMENT

The Hu-Friedy 3SSENTIAL KIT by Werestore.it is the most straightforward kit of restorative ever made, with just 3 essential instruments at once: Anterior, Posterior and Spatula, from the Hu-Friedy Black Line Collection. The three instruments are synergic and interchangeable and the word "Essential" refers to the easiness of all restorative procedures focused on the essential steps to create high esthetic composite restorations while using this kit.

The revolutionary concept of "Plug&Sculpt" of the Posterior is very simple: one tip is used to plug the composite into the cavity and the other one can sculpt composite in additive and subtractive modelling techniques. The Anterior, instead, is called by the doctors "solid brush" since it models and spreads the composite very easily, just like a brush.

DID YOU KNOW? All hinged instruments – forceps, rongeurs, scissors, pliers, hemostats, orthodontic pliers, etc. – should be kept lubricated. Regular use of proper lubricants, like HU-FRIEDY Instrument Lubricant Spray (ILS), will prevent rust, corrosion and stiff joints to ensure smooth operation. **All hinged instruments should be sterilised in the open position.**
